Serial No. (2)

If the bills and measurement books are promptly sent to the District Office once a month the Dt Officers may not find it inconvenient to send the ~~cheques~~ cheques within a fortnight after the receipt of the bills if the bills on account of well works ~~are~~ are given preference over other bills. So it would be possible to make payments in every month for works done during the previous months. It is understood that it is inconvenient to allow large imprests especially when the rules for their recoupment and adjustment are generally violated. Orders are solicited whether the Comptroller may be consulted unofficially ~~as~~ as to whether the suggestions of the Dy Comm^r may be conveniently accepted.

progressed to that extent , to be recouped on bills finally passed.

I request therefore that each Amildar and Deputy Amildar may be permitted to have an imprest of Rs. 500/- for the purpose.

As this is the best season for the well works being carried on, I solicit early orders to enable me to push on the works to completion without impediment.

I have the honour to be,

Sir

I am directed to State that the Dy Commr Kadiri suggests the desirability of raising the Dt imprest allowed to each Amildar & Deputy Amildar to Rs 500 to facilitate prompt payments for works done in connection with the rural water supply Scheme as the delay in payments results in ~~accounts for the~~ slow progress over the works
